

2016 Speaker's Bureau Registration Form

The Speaker's Bureau is a select group of non-profit organizations that have volunteered to participate in Federal Employee kick-off events held throughout the Eastern Pennsylvania and South Jersey area.

The purpose of the speaking opportunities is to educate prospective donors about the mission and accomplishments of your organization and to discuss the need to support the Combined Federal Campaign overall. Note: All speaking engagements restricted to 5-10 minute presentations.

In addition to participating as a speaker, recipient agencies like yours may also be invited to participate in an agency fair during which time, federal employees have the opportunity to personally meet a representative from your organization and learn more about how your organization impacts our community.

If you are interested in participating as a speaker in the 2016 CFC, please complete and return this form with your 2016 CFC application.

+++++

We would welcome the opportunity to participate in the campaign as a member of the Speaker's Bureau. We understand that organizations participating in the speaker's bureau are usually selected by the federal agency's campaign committee. The campaign period will run from September through December.

We would like to participate in the 2016 CFC Speaker's Bureau.
